

Color Matching Cards

These cards are designed to help your child practice matching colors. There are 10 pages/colors shown in this set with 6 cards on each page. One of the cards shows a "base" color. The base colors are red, orange, yellow, green, blue, purple, pink, brown, black and white.

Print the sheets, cut and then laminate to make them more sturdy for younger children.

Have your child find the five cards that match the base color shown. If your child is just learning his colors, use only one or two sets at a time and then add more colors in as he begins to sort colors correctly. You can also use the picture cards to practice identifying objects with your child.

Be sure that you ask your child why he thinks the colors match (especially if you think he is wrong). He may have a good reason for it - the ladybug may be primarily red, but it has black spots! His interpretation may be different, but also right!

Please feel free to print this pdf file for your own personal use. They were created for private and non-profit use. Please do not sell or host these files anywhere else.
